

HR questions

17 February 2022 10:31 AM

HR questions:

1) Introduce about yourself

Any task without hesitation and clear doubts by putting questions. Fast learner. Ownership. Try things out of my comfort zone. Better version of yesterday.

Qualities:

Fast learner, Passionate towards work, Ownership, Deliver exceptional results, Productive, Try out of comfort zone. Calculated risk, Patient, self motivated

2) Strength and weakness

Quick learner, patient, committed, honest and self-motivated.

Weakness : I trust people easily and I am a perfectionist. I don't stop till I get the best of work I am doing. By doing it it may lose my time management

Strength points

Passionate towards work, good listener, Optimistic person

Greatest Fear:

No to answer, Workaholic end up working more time and reducing productivity

Conflict with previous manager.

Sometimes there may be, I may politely give my suggestion regarding the process.

What is your ideal company

Learning platform, improve my professional career, provides exciting challenges

Where would you see yourself from 5 years.

Associate manager

What motivates you.

Working with highly passionate team and providing solutions to problems

Hobbies:

Gardening, Animal care-country breed Southern Tamil Nadu boasts of native breeds such as Kanni, Kombai, Chippiparai and Rajapalayam

What is your greatest failure

What do you regret?

Every day is new life to wise man

How do you respond to change

Adapt it. Changes are inevitable

Three things most important in your job

Honesty, loyalty, and determination to achieve my team's target. Professionalism, growth and a healthy work-life balance are important

Toughest decision you have made

Choosing Engineering over Medical Science after 12th was my toughest personal decision. But I think I have made the right choice

Give me an example of your creativity

I can't exactly recollect. Since I am hoping to become a software developer, I have to be creative at all times. Writing code not only requires technical expertise and logic but also creativity to a great extent. Only then the solutions developed will be flexible and be accommodating.

What makes you happy

How handle work pressure

How long will you stay in this company

I plan to stay for a long time here, or at least for as long as my services will be valued and required

Why work for us

)Why should I hire you

Sir/Ma'am, I have all the requisite qualifications and skills. I can do the work that the profile requires me to do.

Besides, I have the capacity to deliver exceptional results. I can blend into mixed cultures and will fit in beautifully, which will make me a great addition to the team. Hiring me will be a great value-add to your workforce as the organization will keep on gaining, with me around

DO you have good work ethic

In my X years of professional experience, I have rarely missed a deadline.

do you deal with feedback and criticism

HR interview questions:

What is your strength and weakness:

Strength:Fast/quick learner so that I can be productive as soon as possible

Weakness: If I get involved in a work I will be involved too much until its completion so that other works may get impacted.

What will you do when you join in a company. I will try to learn about the process. I don't expect spoonfeeding. If some documentation is present I am ok with it

Ask salary structure to HR. Salary band range. Product info or funding info
